Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha 7, Nebraska

Dear Mr. Wesolowski:

We are in receipt of your letter dated October 5, 1962. I am somewhat surprised at a statement contained in your first paragraph. I would like to advise, over the past year, we have verified between 500 and 600 letters received from individuals all over the world. This has been a matter of station policy to verify all reception reports. I am sure the members of your group are not directing the mail to the proper station. I suggest you bring our station policy to their attention.

Our studios are located in downtown Rapid City, at the corner of Sixth and St. Joe Streets. Our transmitters are located on Highway 87, two and three-quarter miles south of the city limits. We have three towers in our directional array.

For your convenience, I have enclosed a copy of our national rate card, which includes our contour pattern.

This will also verify receipt of your report on reception of our station, Thursday, October 4, 1962. We have also taken the liberty of returning your dime that was enclosed with this correspondence.

If you have any other questions, please do not hesitate to contact us.

Very truly yours,
DUHAMEL BROADCASTING ENTERPRISES
